

Why does #Coronavirus ravage the whole world, and does this have anything to do with God's anger, and does Islam really have the key of answering of all those questions about the Corona virus?

A- Iran and UAE

Iran's 20th plan that Iran becomes the central active force in the Arabian Peninsula, The Levant " al-Sham " and Sinai , and Southwest Asia, and how Iran through its militias afforded to displace most of the Syrian people and fight the Sunnis in Iraq via its full control there, in addition that, its terrorist operations in Yemen by the full support of the Houthi group.

Full control on all major navigation routes to and from the east of the world, as well as control on the water straits such as the Strait of Hormuz, Bab al-Mandab and Suez, Also taking a new approach / way of Islam away from Wahhabi ideology "group supported by Saudi Arabia" and the Muslim Brotherhood " widespread sunnis group" . All those factors made the UAE militarily penetrates in Yemen for control on the straits, and support The military coup in Egypt for opposing the rule of Muslim Brotherhood supported from people , and support the leader of the coup Haftar in Libya for spreading chaos there.

B- America and Europe and west

Political Islam / moderate Islam / Sunni Islam led by Brotherhood Muslim in Egypt, the Yemeni Reform Group in Yemen, and Sunni people in Syria, Iraq, and Libya represents the greatest danger to America and Europe, and it also means the loss of their interests in the Middle East, especially that this moderate political Islam will generate a democracy in the area.

Political Islam emerged after the Arab Spring revolutions, which ultimately led to a series of conflicts between peoples who want a democratic rule and rulers who want a dictator and authoritarian rule. America, the West, and Europe chose to oppose this moderate political Islamic movement / trend, by following :

* Consolidating Iran and its Shiite doctrine "in Iraq "which has Sunni majority" for full control on all the pillars of the state.

* leaving Sunnis people in Syria suffer a persecution and deliberated displacement from the side of President of Syria "the owner of the Alawi sect" and from the side of Iran which wants to spread The Shiite doctrine in it. All that war and displacement from the side of those was under the pretext of fighting

ISIS. Besides, it is with full agreement from Israel which it also still fears Sunnis rule being it represents a danger to its borders.

* leaving the people of Egypt "which has a Sunni majority" suffer the tyrant military rule which led at the end to throwing a lot of people "Supporting the rule of the Muslim Brotherhood" in prisons, and allowing UAE and Saudi Arabia to be their agents in the area for not democracy.

* Allowing UAE and the Egyptian army to intervene directly in Libya under the pretext of fighting ISIS, but it is in fact to steal oil and support the leader of the military coup, Haftar. All of it was with full agreement from Trump under a pressure from UAE and Egyptian military coup leader.

* Allowing UAE and Saudi Arabia to spread chaos in Yemen and control it geography and oppose the Yemeni reform group backed by the Muslim Brotherhood Muslim . All that was with American satisfaction for gulf money granted by the president of Saudi arabica to Trump personally. UAE has at end to partially depart Yemen for not to clash with Iran " intervening in Yemen too" being both have business with each other.

C- Russia and China

As for Russia and China, they are the primary competitor to America and the West in terms of interfering in the affairs of the Middle East and stealing its good, and they in fact fight with each other under table.

D- The end

After all that years-lasting war and devastation and displacement of the Arab peoples by Western and asian states with the help of their agents of dictatorial rulers , there must be a divine hand that stop all that oppression forever. Of course Allah wanted all those wars to happen for some wisdom that is only known to Him, and we as sunnis muslims know well that Allah want to pure our states from that deep corruption and clean it from the disloyal agents.

Now after all this bleeding and displacement of thousands of people without even appreciating to the sanctity of killing and blood, God sent a hidden soldier named Corona which is still reaping more souls of the people of those arrogant states without even their finding of a solution or treatment, and Instead of Arab peoples suffering alone, the whole world now became suffers the same problem, losing the safety and security, and all people throughout became prisoned in their homes. the next is more bad for all
